### Cleaning and Preservation Oils

#### Cleaning Oil for the Corrugator

Synthetic ester oil cleaning fluid for fast and easy cleaning of corrugating rolls. Has excellent surface creeping and spreading capabilities and also good lubrication properties.

#### Properties

- \* compatible with mineral oil
- \* high pressure ability
- \* infiltrates water
- \* provides protection against corrosion
- \* longer service life due to high thermal stability
- \* food grade - all components conform to USDA H1 or FDA regulations for Lubricants in incidental food contact
- \* good penetrative properties

#### Applications

- \* as release agent for knives in paper and carton industry
- \* as sliding and lubricant for mobile parts such as measurers and cuts

#### Technical Datas

Color		yellow
Base Fluid		Ester
Viscosity Class	ISO-VG	15-22
Density 20°C	kg/m <sup>3</sup>	940
Pour point	°C	-45
Viscosity 40°C	mm <sup>2</sup> /s	20
Viscosity 100°C	mm <sup>2</sup> /s	4,5
Flash Point	°C	> 250

The content of this manual is based on our current knowledge and experience in the development and manufacture of lubricants. Because of the complexity of tribological systems, the effect of our products depends on many parameters, which we cannot assess and which influence we cannot evaluate. For this reason general statements about the function of our products are not possible. The information in this manual, therefore, contains non-binding guidelines, which should give the technical trained reader information on possible applications. The information in this manual does not include property assurances or warranties or guarantees to the properties or suitability of this product in a specific application. Prior to its use it is absolutely necessary to test this product in the application to ensure that the product and its use is safe, economical and fully suitable. It should proceed with due diligence.
